

From: Amit Singh

To: Delloitte Internship Coordinator

Subject: Request to provide me a Summer Internship Opportunity

Dear Internship Coordinator

I am writing to formally express my interest in a summer internship opportunity with Delloitte , specifically within the Software Engineering team.

As a First-Year B.Tech student at Vellore Institute of Technology, Bhopal, I have been following Delloitte's recent work in new tracking app development team. I am particularly impressed by your commitment to future innovations and software development projects, and I am eager to contribute my skills to such a forward-thinking environment.

Through my academic coursework and personal projects, I have developed a strong foundation in python coding, machine learning, and data management. For instance, I recently developed a Python-based currency converter which sharpened my problem-solving and technical implementation skills. I am confident that my background in coding and my drive to learn would make me a valuable asset to your team this summer.

I have attached my resume and portfolio for your review. I would welcome the opportunity to discuss how my background aligns with the needs of Delloitte in an interview.

Thank you for your time and for considering my application. I look forward to hearing from you.

Best regards,

Amit Singh
